Authorized Financial Service Provider

Dear Partner,

In this week's edition, we wish to share the following **VUM** news with you:

VUM (Santam TAXI product):

We are pleased to inform you that VUM (Santam Taxi product) has paid out a total of R1.6 Mill in Zuzimali Cash Back over the past 2 years, and the largest payout made to a delighted client was R59,047-00!

Mr Dave Gould (MD of VUM) on the right, handing over a Zuzimali cash-back cheque of R59,047-00 to some happy clients

The VUM Cash-back is unique in that it is paid after only 24 months of no claims, and also is calculated at a Risk Item level, not at a Policy level. This benefit continues to be a very strong risk management, client retention and loyalty tool, and VUM Brokers really appreciate giving their clients some good news for a change.

Cash-back is included at no extra charge to reward Taxi Owners who do not claim. 10 % of Premiums paid will be refunded after the 24 month period of no claims.

Please see below some additional **benefits** on the policy:

1. Passenger Liability Cover with a choice of various limits up to R20 Million cover.
2. Personal Accident Cover – R10 000 per Passenger and R25 000 per Driver to cover Funeral costs and other expenses.
3. Fixed Expenses Cover to pay for expenses while the Taxi is being repaired or replaced.
4. Trailers and Sound Equipment can also be covered.

VUM Taxi Insurance, underwritten by Santam

For a **competitive quote** please contact FSP Commercial on 0860 00 44 66 or comm@fspolutions.com

Until the next edition!

Regards,
FSP Solutions Management
